College Credit for Your Apprenticeship

Construction Supervision Certificate

Associate in Science Degree

Apply for your credits:

- Successfully complete one, three-credit class at Washtenaw Community College.
- Complete the Request for Apprenticeship Credit Form.
- Submit the completed form to WCC via email, fax or mail.
- WCC will verify your apprenticeship.
- Call (734) 973-3685 for details.

- Complete the required five Construction Supervision classes (15 credits).
- Earn your Certificate.

- Complete the additional 30 general education credits
- Earn your Associate in Science degree.
- If you have previous college credits, apply for a credit transfer.

## Get Started Today!

### Introduction to Online Learning

Begin your degree by completing the Introduction to Online Learning class. This is a non-credit class designed to prepare you for success in the online classroom.

- This class must be completed within **\*two weeks** of registration.
- The cost is \$25, which is non-refundable.
- Learn with your Union Brothers and Sisters.
- Register at the Construction Supervision Page, [www.wccnet.edu/uas](http://www.wccnet.edu/uas), click on the *Registration Request for Introduction to Online Learning* link near the bottom of the web page.

*You are closer to a college degree than you think!*
